Response Form (Canadian Funds)

THE BOYCOTT HANDBOOK identifies corporate supporters of Planned Parenthood. One checkbook-size list of boycott targets, which you may find outside the home, is included with every *Boycott Handbook* ordered. In addition, *The Boycott Handbook* includes a section listing charitable groups that, in one way or another, are advancing the Culture of Death. It also includes a quick search system. Updates to *The Boycott Handbook* are printed in *The Caleb Report* (see below). *The Boycott Handbook* is published semiannually, but not on a specific schedule. LDI Partners are automatically sent a recommended Letter-Writing Schedule, which allows them to be part of a strategic plan. (The *Checkbook List* is not available apart from *The Boycott Handbook*. *The Handbook* and *List* are automatically sent to Partners. LDI Partners wishing to receive more than one *Boycott Handbook* when new versions are released may do so at a discount by preordering when signing up for or renewing a Partnership.)

LIST OF BOYCOTT TARGETS is available by email. It includes the primary list of boycott targets, along with well the products/services, corporate contacts, and other details for each.

THE CALEB REPORT, LDI's hard-hitting newsletter, is not for the faint-of-heart. Published six times per year, it is a candid look at everything from Planned Parenthood's political activity and "educational" programs to the group's financial empire. *The Caleb Report* covers additional issues of interest to pro-family activists that are generally not found in other periodicals. (*The Caleb Report* is automatically sent to LDI Partners. *The Caleb Report* may include material that some people could find unsuitable or objectionable, in which case a warning precedes the article.)

ON THE RECORD: THE PHILOSOPHY OF PLANNED PARENTHOOD is a brochure featuring quotations from Planned Parenthood advertisements, hierarchy, and publications (including those recommended by the group). What does Planned Parenthood really stand for? What do its leaders say about teen sexual activity, abstinence, parents, children, abortion and other vital topics? Has Planned Parenthood's agenda changed over the years? The quotations will leave you stunned, but they are verifiably true! This brochure is an eye-opening look at the Planned Parenthood its hierarchy would rather keep secret. (Applicable worldwide. Adults are urged to review brochure content before making it available to minors.)

IMPORTANT (PLEASE READ IN FULL): Use of this form is restricted to orders going to a Canadian address and for payment in Canadian funds. This form is revised every three months, if a change in the exchange rate warrants doing so. (Check LDI's website for a Response Form that may be used by persons wanting to pay in U.S. dollars, cash or credit.) Items will be mailed to the address provided by you on the second page of this form. Persons placing an order certify that they: 1) oppose legal abortion, 2) support the goals of Life Decisions International, and 3) will adhere to all copyright and other restrictions. Please allow up to eight weeks for your order to be mailed. In most cases, orders are sent via the U.S. and Canadian Postal Services, respectively. Partnerships begin on the date the order is processed; not on the date material is sent or received. Persons placing an order will always be sent the most up-to-date released material. Requests for "refunds" will be honored if the ordered material has not yet been mailed. Once mailed, we cannot offer "refunds" or exchanges on any material, including to persons who may receive the same item(s) twice. If we know a revised *Boycott Handbook* will be sent to the printer within 60 days of receiving your order, shipment may be delayed so we can send the updated material. If your order is held for this reason, you will be notified by a special "Notice of Delayed Mailing" statement or in the cover-letter sent with *The Boycott Handbook*. We believe it would be counterproductive for us to send a *Boycott Handbook* that will be out-of-date in a matter of days; maybe before you even receive it. We trust you understand and appreciate this policy. With the exception of preordered *Boycott Handbooks* by LDI Partners (described above), orders for unreleased material cannot be accepted. If an item is out of stock, the person placing the order will be notified. The item will be sent as soon as it is available. **This form is valid through September 30, 2018;** after that date, please visit our website for an updated Response Form. **LDI respects the privacy of persons providing the information on the reverse side of this form. It will not be released to another entity for any reason. Phone numbers are used only for purposes that are highly time-sensitive. Email and the Postal Services are our primary form of contact.** Please send this form to the address at the top.

Please do not staple or tape payment to this form. After September 30, 2018, please visit our website for updated information or request a new Form.
